Your journey to fluency begins now.

How to Use This Book

Welcome to ONE VERB A DAY! This workbook is designed to help you master Romanian verbs through daily, structured practice over 365 days.

DAILY ROUTINE (15-20 minutes):

1. READ the verb of the day and its English meaning.
2. STUDY the conjugation table. For Month 1, conjugations are pre-filled as a reference. From Month 2 onward, fill in the table yourself.
3. WRITE six sentences using the verb in different contexts:
   - Present tense (about today)
   - Past tense (about yesterday)
   - Future tense (about tomorrow)
   - Negative form (what you don't do)
   - Question form (ask someone)
   - Personal (about your own life)
4. EXPLORE related words and idioms in the bonus section.
5. LOG your progress: time spent, difficulty, and confidence level.

TIPS FOR SUCCESS:

- Be consistent. Even 10 minutes daily beats 2 hours once a week.
- Say conjugations OUT LOUD. Your mouth needs practice too.
- Use the progress tracker to visualize your streak.
- Review verbs marked 'Review again' at the end of each week.
- Don't worry about perfection. Mistakes are part of learning!

MONTHLY THEMES help you build vocabulary in related areas, making it easier to form natural sentences.

By Day 365, you will know the most important Romanian verbs and be able to express yourself confidently in any tense.
